Culture Club Community Workshop Series 2019

Here at the neighbourhood house we are always trying out new ideas that bring people and food together, truly a worthy cause! Over the last couple of years we have run a number of food focussed programs such as Friday night community meals, Tuesday morning breakfast club and now we organising monthly community workshops where a dish or a method of food production is learnt during hands-on workshops. In the workshops you will learn by doing. At the end of the workshop you will either have a jar of something to take home, or will eat what has been made, on the night.

Workshops have been held that

Juliette in the Kitchen, ready to make Kimchi!

demonstrate how to make kombucha, kefir, sauerkraut and kimchi. At the next workshop coming up on Monday 25th February, we will be learning how to make Spanish croquettes. Other ideas being floated are workshops on making flavoured vinegars and infused oils.

If you would like more information or if you have an idea for a community workshop that is centred on food, drop us a line. We'd love to hear from you.

We have some delicious jars of kimchi available for sale for \$5 .00 and bottles of kombucha for \$1.00 until stocks run out.

ARCs 2019 team

ARCs - Reception and Administration Training

Every year ESNLC offers a course designed to provide on job skills and experience required to undertake a range of tasks and procedures required to work as a receptionist/office administrator.

We have had a great success in previous years, like Vanessa's story.

Vanessa, was a very quiet, shy Chinese lady new to Australia who undertook our ARCs course to build her confidence and gain better understanding of how an Australian office worked. After practice and encouragement from her trainer and fellow students, Vanessa one day stood up to and dealt with a difficult and rude customer expertly and confidently and everyone in the office cheered after seeing her react so perfectly and boldly. Since that date, Vanessa displayed newfound confidence and upon leaving the course she got a job working with a Real Estate Agent and came back to visit us dressed beautifully in her suit with such professionalism.

This year, 2019, we are running the course once a again!
