Call and response; each phrase is sung twice.

## ***Verse 1***

We honour the land that we're living on

We honour the Country and the Old Ones

We sing up Country and we sing it up strong

For we are all connected as one

We are all connected as one

## ***Verse 2***

We honour the Ones who have gone before

We honour the wisdom of the ancient lore

We sing up Country and we sing it up strong

For we are all connected as one

We are all connected as one

## ***Verse 3***

We honour the Earth and the Sea and Sun

We honour the living and the life to come

We sing up Country and we sing it up strong

For we are all connected as one

We are all connected as one
